PURPOSE AND OUTCOME**Course Overview:**

This course is designed to provide students with a broad overview of Clinical Psychology. This course will provide a survey and exploration of contemporary roles of clinical psychologists. The course will also emphasize the integration of science and practice when solving problems of individuals, families, groups and communities. To address these goals, students will be introduced to: 1) different methods of assessment and different approaches to the practice of treatment in clinical psychology, 2) specialty areas within clinical psychology, and 3) education, training and licensure requirements to become a clinical psychologist.

The class can be conceptualized as comprising 6 non-mutually-exclusive modules:

- 1) History of clinical psychology;
- 2) Diagnosis and assessment;
- 3) Research methods in clinical psychology;
- 4) Assessment;
- 5) Intervention & prevention;

- 6) Specialty areas within clinical psychology and associated training.

Relation to program outcomes:

This course serves as an upper-level course within clinical and health psychology at the University of Florida. The early-stage developmental focus will support learning objectives that are applicable to a range of clinical and health profession degrees including public health, psychology, pre-medicine, health sciences, and early development undergraduate training programs.

Course Objectives: After successfully completing CLP 4302, students will be able to (including but not limited to):

1. Identify and distinguish between major mental-health professions;
2. Demonstrate an understanding of how clinical psychologists approach mental-health diagnosis, assessment, prevention, and treatment;
3. Explain the importance of the scientist-practitioner model of clinical psychology;
4. Understand and explain similarities and differences in various specialty areas in clinical psychology;
5. Explain training and educational processes involved in licensure for clinical psychologists in the US;
6. Understand and explain assessment, treatment (i.e., intervention), and prevention methods in clinical psychology;
7. Understand and explain research methods in clinical psychology;
8. Describe the academic and professional preparation that Clinical Psychologists must complete before beginning clinical practice, including pre- and post-doctoral training and board certification;
9. Outline the strengths and limitations of published research so that the validity of findings regarding treatments can inform clinical decisions;
10. Describe the various areas of practice for Clinical Psychologists to include academic, clinical, and research contexts;
11. Distinguish the various assessment strategies and tools used in clinical practice, including assessing for psychopathology, neuropsychology, behavior, pediatrics, and personality;
12. Describe empirically-based principles of therapeutic change, including relevant client and therapist variables;
13. Understand and describe ethical issues in scientific-research and ethical codes for psychologist providing psychological services, as outlined by the American Psychological Association (APA);
14. Discuss evidence-based treatments so that their connection to valid research and their likelihood of effectiveness are addressed.

Instructional Methods:

Lecture, class discussion, and small-group and individual work will comprise the majority of class sessions. The role of the instructor will be to: present an overview of relevant topics, provide additional reading material and learning resources with up-to-date research findings, facilitate discussion of selected topics, and provide timely feedback. Expectations for students are to attend class fully prepared, participate in class discussions, and read assigned materials prior to class in preparation for lecture.

Required Equipment

See [UF Student Computer Requirements](#). Your program may have additional requirements. For this course you will need a computer that can run HonorLock and the Google Chrome browser with high-speed internet access, a webcam, and microphone.

For technical support for this class, please contact the UF Help Desk at: Learning-support@ufl.edu, (352) 392-HELP (option 2), or <https://lss.at.ufl.edu/help.shtml> 3

HonorLock Proctoring Services

Students registered for the 100% online section (516D) will be required to use HonorLock for completing quizzes and exams, If you are registered for the in-person section (516C), please let me know at least one week in advance if you will not be in class to take a quiz or exam and will require HonorLock—I will need to do some coordination for you to be able to access HonorLock.

This course will be using HonorLock, a proctoring service for graded quizzes. HonorLock ensures quiz integrity and enables administration of remote online quizzes.

- No pre-scheduling is required. You can take your quiz at any time during the window it is open in Canvas.
 - However, I caution you not to wait until the last minute, because you will run the extreme risk of having the quiz close out automatically before you have had your full number of allowed minutes. The quiz will close out at the time set in Canvas regardless of how many minutes you have left to take the quiz, and you will not be able to finish.
- HonorLock will record and audit your entire quiz session.
- All recorded quiz sessions will be reviewed as part of your final grade.
- Instances of cheating or inappropriate behavior will be considered violations of the Student Honor Code and will result in disciplinary action.
- Students will need to have **Google Chrome**, a microphone and webcam in place during the test-taking period. An inexpensive webcam and microphone should work fine. Students will NOT be allowed to take a quiz without a webcam.
- Students will need to have some administrative rights on the computer they are using for the quiz to enable the proctoring service to function.
- It is recommended that students not use a wireless Internet connection for quizzes. Please consider wire connecting your wireless laptop to your modem for a more reliable Internet signal during the quiz. Inexpensive modem cables are available in most electronic stores and online.

HonorLock Set-up

HonorLock is a user-friendly system, but you must follow these guidelines to register and take your quizzes:

1. Review the following HonorLock Student Information to obtain an overview of HonorLock:
 - [Honorlock - Student Exam Preparation Information](#) (PDF) **Taking Quizzes**

Again, no pre-scheduling is required. You can take your quiz at any time during the window it is open in Canvas. However, as mentioned before, I caution you not to wait until the last minute, because you will run the extreme risk of having the quiz close out automatically before you have had your full number of allowed minutes. The quiz will close out at the time set in Canvas regardless of how many minutes you have left to take the quiz, and you will not be able to finish.

- Please plan on extra time to complete your quiz to accommodate connection time and any technical issues that arise.
- No human proctor will appear. You will take your quiz with your camera recording the entire session.

- Once you finish and submit your quiz, you will log out, and the quiz session will be audited at HonorLock.

Keep the following in mind:

1. You must use Google Chrome browser with HonorLock
2. When it is available open your quiz in Canvas.
3. Click “Get Started” and “Install Extension”.
4. Click “Add extension” and then “Take the Quiz”.
5. Click “Launch Proctoring” and “Allow” (HonorLock to use your camera).
6. Take the required photo by clicking “Take Photo” and click “Accept” if there is a clear image of you on screen. Otherwise “Redo”.
7. Take the required photo of your picture ID.
8. “Begin the Room Scan” by clicking and then scan the room with your camera. Click “I’m done once complete.
9. Take the quiz as normal.
10. Finish the quiz, and HonorLock will automatically save and close as well.

Quiz Rules

Check your syllabus for other rules related to quizzes and exams. Examples:

- Quizzes will be administered as described in the course schedule.
- Quizzes are closed book, closed notes unless otherwise documented.
- Some faculty allow students to blank sheets of paper as scrap paper or a calculator, but you will be required to use your camera to show both sides of paper or calculator when this is allowed. If it is not specifically stated in the syllabus, don't bring extra materials.
- Quizzes may be taken at a student’s home. Students must plan to take their quizzes in an environment where other people are not in the room during the quiz.
 - You are required to pan your camera around the room and your desk and clear it of anything not allowed in the quiz.

HonorLock Support:

Chat on screen or call HonorLock at 855-828-4004 for 24/7 support assistance. Then contact your faculty and TA to let them know you had an issue.

Kognito Training:

Kognito is a free online training simulation course that teaches effective techniques to help and refer friends, classmates, and peers around you who might be showing signs and symptoms of emotional distress. Kognito has three unique training modules, one for friends and family of students, one for faculty members, and one for helping student veterans. You are only expected to complete the At-Risk for Students module, though I encourage you to explore the other modules as well.

As a friend, family member or UF peer, you may be the first one to notice signs of distress of someone around you. At UF, it is our shared responsibility to look out for one another and we are here to support you help distressed students. The UF Counseling and Wellness Center offers a free online resource, Kognito, to help you practice having difficult conversations and learn tools for when students show signs of stress. With Kognito, you can learn how to talk about these signs, practice sharing your concerns, and learn how to motivate the person in distress to seek help.

ACADEMIC REQUIREMENTS AND GRADING

Exams:

There will be TWO exams—a midterm and a final; each will be worth 37.9% of the total grade. Exams will not be cumulative and will cover material from lectures, readings, and in-class presentations or discussions. The format of exams will be multiple choice and short answer. There will be no make-up exams, except for documented medical reasons (i.e., physician note); other documented emergencies may or may not be approved pending decision by the instructor. If you miss an exam, you will receive a score of zero on that exam. Students who must miss class on the day of an exam may request arrangements to take the exam early, pending approval by the instructor. Such requests should be submitted in writing to the instructor as early as possible in the semester; these arrangements must be made early in the semester or they will not be considered. Exams will be administered through Canvas; thus, a compatible electronic device will be required to take the exam. Exams will be set-up such that you cannot access other browsers or windows on your device while the exam is in session.

Class attendance will be rewarded via the inclusion of in-class information in each exam that is not covered in the textbook. Exam #2 will be the Final Exam which will occur during finals week during the regularly-scheduled class period (e.g., 4/26).

Canvas Quizzes:

There will be four (4) quizzes during this course, each will be worth 1.9% of your final grade (for a total of 7.6% of your final grade). Quizzes will be administered during class hours online (as described below) using the Canvas website, unless otherwise specified. Canvas quizzes will open toward the end of the class period (as announced by the instructor) and will require a passcode to begin, as announced in class. Thus, you must be attending class via zoom or face-to-face, depending upon which section you’re enrolled in, in order to take the online quiz. Content from quizzes may come from any lectures, readings, or assignments due for that class day. For example, all readings and any associated lectures in the Week 3 tab on Canvas must be completed before the Week 3 class to ensure adequate preparation for the Week 3 quiz. Quizzes missed due to *unexcused* absences will be given a zero. Quizzes are closed-book and no notes will be allowed. Quizzes will be set-up such that you cannot access other browsers or windows on your device while the quiz is in session (lockdown browser feature), thus a compatible electronic device will be required to take the quizzes. Quizzes are closed-book, to be completed independently, and no notes will be allowed.

Assignments Submitted to Canvas:

There will be four (4) assignments in this course. Assignments will vary in nature; for example, they will include online discussion board posts, trainings, or follow-up individual or group work that reflects

in-class activities. Assignments will each be worth 1.9% of your grade (for a total of 7.6% of your final grade). Assignments are typically due at 5pm EST on the day of class, with some exceptions as indicated in this syllabus.

Attendance:

Attendance will be taken at every class, except for the two exam days. You will be allowed to miss one class with no penalty; attendance will count for 6.8% of your final grade. Given that this is an upper level elective course, class attendance is expected, not optional. You will be required to sign into class each week to mark your class attendance. It will not be permitted to sign in for a classmate; anyone caught doing this will lose their and their classmate's attendance point for the day. We will ask you to sign in at a random time during the class period to encourage attendance throughout the duration of the class. If you do miss a class, it will be your responsibility to request notes from a classmate or schedule office hours with me to discuss content from that class. You are expected to arrive to class on time and stay until dismissed in order to earn your attendance credit.

Participation:

Your active engagement in the class will be assessed, through both activity in the class discussions, via Canvas Discussions associated with assignments, when assigned, but also during in-class sessions. I hope to hear each of your voices at least once per class—raise your hand, chime in, or I'll call on you.... Participation will contribute 2.3% to the final grade.

Our class sessions may be audio-visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

Point system used (i.e., how do course percentage points translate into letter grades?):

Example:

% of Points earned	93-100	90-92	87-89	83-86	80-82	77-79	73-76	70-72	67-69	63-66	60-62	Below 60
Letter Grade	A	A-	B+	B	B-	C+	C	C-	D+	D	D-	E

Please be aware that a C- is not an acceptable grade for graduate students. The GPA for graduate students must be 3.0. in all 5000 level courses and above to graduate. A grade of C counts toward a graduate degree only if a sufficient number of credits in courses numbered 5000 or higher have been earned with a B+ or higher. In addition, the Bachelor of Health Science Program does not use C-grades.

Letter Grade	A	A-	B+	B	B-	C+	C	C-	D+	D	D-	E	WF	I	NG	S-U

For greater detail on the meaning of letter grades and university policies related to them, see the Registrar's Grade Policy regulations at:

<http://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>

Exam Policy:

There will be 2 exams in this course. All exams will be completed during the scheduled course time, in person, via canvas, and proctored by HonorLock. Exams are closed book, will consist of multiple-choice and short-answer and an extra credit multiple-choice question. Exams will focus on the course content covered since the previous exam; that is, exams will **not** be cumulative. Each exam is worth 100 points, for a total of 200 points.

Policy Related to Make up Exams or Other Work:

We expect you to attend and to be prepared to participate in all class sessions. Personal issues with respect to fulfillment of course requirements will be handled on an individual basis. If you must miss an exam because of a foreseeable conflict (i.e., professional conference, athletic competition,

Revised 1/06/2021

religious observance, etc.) you are expected to notify us immediately to set-up alternative arrangements *prior* to the exam date. If a student is not in class for an exam due to an illness or medical emergency, they will be required to provide a statement from their healthcare provider documenting the illness or medical emergency. A make-up exam will be provided the first day the student returns to their normal class schedule or at the earliest convenience of the instructor. Requirements for make-up exams, assignments, and other work in this course are consistent with university policies that can be found in the online catalog at: <https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>.

Please note all faculty are bound by the UF policy for excused absences. For information regarding the UF Attendance Policy see the Registrar website for additional details: <https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>

Excused absences must be consistent with university policies in the Graduate Catalog (<http://gradcatalog.ufl.edu/content.php?catoid=10&navoid=2020#attendance>) and require appropriate documentation. Additional information can be found here: <https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>

Reporting illnesses and family emergencies:

In the event you experience an unexpected illness, family, or otherwise personal emergency please notify the instructor immediately to set-up alternative arrangements.

The UF Religious Holidays Policy is available at:

<https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx#religious>

For University of Florida Students, the following guidelines apply:

- Students, upon prior notification to their instructors, shall be excused from class or other scheduled academic activity to observe a religious holy day of their faith.
- Students shall be permitted a reasonable amount of time to make up the material or activities covered in their absence.
- Students shall not be penalized due to absence from class or other scheduled academic activity because of religious observances.

Any requests for make-ups due to technical issues **MUST** be accompanied by the ticket number received from LSS when the problem was reported to them. The ticket number will document the time and date of the problem. You **MUST** e-mail me within 24 hours of the technical difficulty if you wish to request a make-up.

Policy Related to Required Class Attendance:

Attendance is considered an integral part of the learning experience as class discussions and lectures will include valuable material covered in the examinations that is not otherwise covered in the textbook. Thus, class attendance will be taken, and students are expected to attend all classes and participate in class discussions to have exposure to this information. Class attendance will be calculated into your final grade in the course through submission of the in-class assignments and weekly quizzes. **NOTE THAT STUDENTS WHO ARE NOT PRESENT IN CLASS (or zoom, if in the on-line section) WILL NOT RECEIVE CREDIT FOR TURNING IN AN IN-CLASS ASSIGNMENT OR QUIZ/EXAM THROUGH CANVAS.** If students must be absent, they will be responsible for any missed material by acquiring lecture notes from other students who attended, or viewing the zoom-recorded lecture. You can expect that class slides will, in most cases, be on Canvas; however, not every lecture has slides that will accompany it and not all information will be on slides. Some material presented in lectures will not be in the text and will be included on examinations. Thus, reduced

attendance can be expected to result in a lower course grade. Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found in the online catalog at: <https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>.

Please note all faculty are bound by the UF policy for excused absences. For information regarding the UF Attendance Policy see the Registrar website for additional details: <https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>

- Additionally, cell phones, recording devices (unless part of an accommodation for learning disabilities), and text messaging are prohibited during class. must be placed on silent or turned off during class. Any use of a cell phone during class (i.e., chatting, texting) will be considered a violation of this policy as it disrupts other students from learning. Students who violate this policy will be asked to leave and will lose 1% of their final grade per violation. Please speak to the instructor prior to the beginning of class if you experience an emergency that requires you to leave the room to take a phone call.

On Campus Face-to-Face

We will have face-to-face instructional sessions to accomplish the student learning objectives of this course. In response to COVID-19, the following policies and requirements are in place to maintain your learning environment and to enhance the safety of our in-classroom interactions.

- You are required to wear approved face coverings at all times during class and within buildings. Following and enforcing these policies and requirements are all of our responsibility. Failure to do so will lead to a report to the Office of Student Conduct and Conflict Resolution.
- This course has been assigned a physical classroom with enough capacity to maintain physical distancing (6 feet between individuals) requirements. Please utilize designated seats and maintain appropriate spacing between students. Please do not move desks or stations.
- Sanitizing supplies are available in the classroom if you wish to wipe down your desks prior to sitting down and at the end of the class.
- Follow your instructor's guidance on how to enter and exit the classroom. Practice physical distancing to the extent possible when entering and exiting the classroom.
- If you are experiencing COVID-19 symptoms (<https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>), please use the UF Health screening system (<https://coronavirus.ufhealth.org/screen-test-protect/covid-19-exposure-and-symptoms-who-do-i-call-if/>) and follow the instructions on whether you are able to attend class.
 - Course materials will be provided to you with an excused absence, and you will be given a reasonable amount of time to make up work (<https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/>).

Online Synchronous Sessions:

Our class sessions may be audio visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

Policy Related to Guests Attending Class:

Only registered students are permitted to attend class. However, we recognize that students who are caretakers may face occasional unexpected challenges creating attendance barriers. Therefore, by exception, a department chair or his or her designee (e.g., instructors) may grant a student permission to bring a guest(s) for a total of two class sessions per semester. This is two sessions total across all courses. No further extensions will be granted. Please note that guests are **not** permitted to attend either cadaver or wet labs. Students are responsible for course material regardless of attendance. For additional information, please review the Classroom Guests of Students policy in its entirety. Inclusive Learning Environment:

Public health and health professions are based on the belief in human dignity and on respect for the individual. As we share our personal beliefs inside or outside of the classroom, it is always with the understanding that we value and respect diversity of background, experience, and opinion, where every individual feels valued. We believe in, and promote, openness and tolerance of differences in ethnicity and culture, and we respect differing personal, spiritual, religious and political values. We further believe that celebrating such diversity enriches the quality of the educational experiences we provide our students and enhances our own personal and professional relationships. We embrace The University of Florida's Non-Discrimination Policy, which reads, "The University shall actively promote equal opportunity policies and practices conforming to laws against discrimination. The University is committed to non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, gender identity and expression, marital status, national origin, political opinions or affiliations, genetic information and veteran status as protected under the Vietnam Era Veterans' Readjustment Assistance Act." If you have questions or concerns about your rights and responsibilities for inclusive learning environment, please see your instructor or refer to the Office of Multicultural & Diversity Affairs website: www.multicultural.ufl.edu.
